Huda School & Montessori

Our Mission

The mission of Huda School is to inspire academic excellence, develop caring and responsible Muslim American Citizens, and cultivate intercultural understanding and respect.

Our Vision

Create a community of learners, leaders and high achievers who will serve our communities for the love of Allah (SWT).

Rigorous Standards & Expectations

Excellent instruction begins with the belief that all children can learn and that instruction must accommodate the varied intelligences, styles, and needs of the children in the classroom. We understand that curriculum, instruction, and assessment are inextricably interwoven and that "one-size" does not fit all students. Our highly developed differentiated education techniques is prominent in our Language Arts, Mathematics, Quran, and Arabic classes.

At Huda, we strive to have rigorous & relevant standards that will prepare our students for the real-world. Huda School has the distinction of being the first IB-World school in Michigan to provide Islamic Education.
